✓	Indicates an upgrade or improvement over previous version	
✓	Indicates an upgrade or improvement over the model below	

Whyte's design team have given the latest 600 series frame the Trail treatment. A 120mm fork, wider 760mm bar, shorter stem, wider grippier tyres and even our Enduro developed V-grips, make these the most trail-ready bikes in this price category.

You'll find it hard to believe the 603 is Whyte's entry level mountain bike: with carefully chosen, branded parts and a high quality, latest generation frame it has all the hallmarks of Whyte's award winning DNA.

The latest frame bristles with UK design features such as the "Get A Grip" seat post clamp system. This allows quick adjustment, fantastic weather proofing and a nice ergonomic lever which is easy to operate however cold your hands might be.
